

1. Go to Google.
2. Type in **www.igive.com**
3. A **Welcome** page shows up: **Become a Member** today! Type in the information required – your email address and a password are needed. For the **Cause** type in Wind Over Wings and hit the **Join Now** button.
4. A message shows up asking iGive to **install software: Allow**. You may have to **Restart**, and then the iGive button will be installed.
5. Look for the iGive Button in the upper right hand corner. It looks like a tiny dandelion seed (but more like an umbrella to me).
6. If you don't see the seed, you may need to make your browser's command bar visible from the "View" menu.

The screen that shows up says "Thanks for installing or updating the iGive button." It is a helpful list of important information.

7. Go to **My Stores** and there is the list of all 1483 stores where online shopping helps Wind Over Wings.
8. +❤ If you click on the heart it will automatically donate to WOW when you shop there. (Don't forget Amazon)
9. Some stores require you to confirm. The seed will pop up, and you just need to click on it and you're in.
10. Good luck, and thanks for supporting WOW when you shop online.

iGive Button
